Selectmen's Meeting

SEWER EXTENSION SOUGHT

Robert Black and Harold Banks appeared before Selectmen with 2 petitions signed by 13 residents of Oakland Terrace, a private way. One was for a utility easement to allow installation of a sewer line down a private way. The second asked that Selectmen seek to retain the $300,000 that was allocated to Mattapoisett and then was found to be excess after the bids for construction were received and accepted. Mr. Black and Mr. Banks said that they didn't want to ask the town to finance the sewer line they request but ask that the grant excess be used, if it can be retained, to sewer Oakland Terrace and other problem areas. Chairman of the Board of Selectmen R. William Blasdale said that the Board of Selectmen will make the effort but he expressed himself as not at all hopeful that it will be successful. He said that Chief Sanitary Engineer Richard Greeley will be contacted to ask about retaining the extra funds from the grant allotment. Engineer Ron Michalski of Tighe & Bond has already approached the Massachusetts authorities on this subject, he stated and been told that many communities requested sewer grant funds and were turned down because the funds were not available. He said that he was told that this was a one time program that may never be repeated for collector sewers. Because the funds were so limited Michalski was given no encouragement for retaining the excess grant funds for Mattapoisett.

Robert Black said that if Oakland Terrace could not be included under the grant that the residents would seek approval to lay pipe at their expense to connect with the sewer main on Oakland Street. The Oakland Terrace petitioners will prepare

an article for the April 3 Town Meeting asking that the sewer be extended to that street as part of the sewer project.

The Board of Selectmen then went over financial details with Mr. Quinlan of Harbor National Bank of Boston, Treasurer Allen Sherman, Ron Michalski, Tighe and Bond representative, and Town Counsel Donald Fleming. Using a table prepared by Tighe & Bond the Selectmen considered three different ways of borrowing to produce funds to take care of the cash flow needed to finance the installation of the system. Mr. Quinlan suggested that the town apply for $200,000. of federal aid anticipation notes to take care of the short term needs. They will follow up with another short term note in the same amount to cover costs until September and then will be in a position to judge at that time whether to issue the permanent bond for $500,000. which is the town's share of the project. This will depend on how construction has proceeded and how costs have followed the engineering projection. Mr. Quinlan was of the opinion that November would be an excellent time for the bond issue since the timing is good to allow the town to accumulate tax receipts to pay interest

costs as they fall due.

Plumbing Inspector George Heath told Selectmen that he has received many requests for information by homeowners on the path of the sewer line. People want to know the best path to connect, how deep the connector plug will be, what requirements are as to pipe, etc. Engineer Michalski said that the sewer main would be asbestos cement as would the connector pipe. If another kind of pipe were used from the house an adaptor would be required. He said the stub would be 4" in diameter and would be placed at a uniform depth and plugged until connection could be made. He said the homeowners could choose the shortest run for the connector pipe and indicate where they wanted the connector located. He said that Arthur Ash, clerk of the works, is visiting homes to assist and answer questions. Mr. Heath will meet with Ash to discuss the details.

STORM COST IN FIRE DEPARTMENT

The Board of Fire Engineers informed Selectmen that $1528. had been spent by the fire department for labor in having a company of men stand by at the fire station on 14 hour shifts for 2 days and for funds spent in clearing snow from hydrants. Selectman William Hubbard said that it was his recollection that there was an understanding that the Selectmen should be notified before any unusual expenditures were made. The Selectmen agreed to request the Board of Fire Engineers to inform the Board of Selectmen before making unusual expenditures in the future and, in emergency situations, to contact the chairman of the Board of Selectmen to inform him verbally.

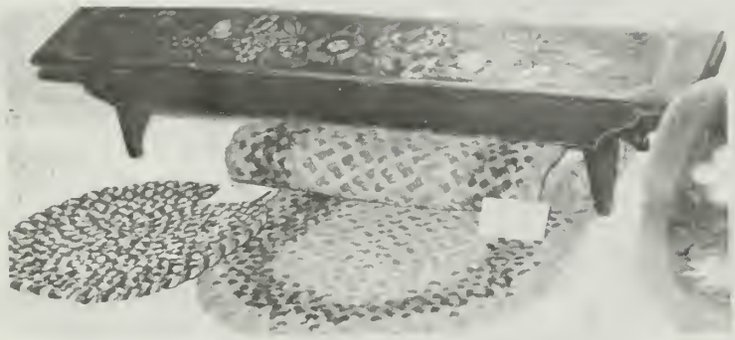
SHOW AND TELL MEETING

The popular well attended Show and Tell program was held by the Mattapoisett Woman's Club members on Thursday, February 16th, in the Congregational Church Parish Hall. Mrs. Francis D. O'Neill presided.

Mrs. Charles W. Smith was chairman of the



day's festivities. Coffee and coffee cakes were served by the Gourmet Group of the Woman's Club. Members and guests viewed displays of the many talents exhibited by club members. Mrs. Edward Carr arranged this multi-talented exhibit.

Mrs. Henry C. Young started the program by demonstrating the techniques of painting a picture in oil of the Ned's Point Lighthouse. She continued to complete the painting during the remainder of the meeting.

A business meeting was conducted followed by Miss Dorothy Fox who presented several mini reviews of books that have been presented to the Mattapoisett Public Library in memory of deceased club members or their husbands. These books are chosen to reflect the interests of the individuals.

The Woman's Club Chorus, under the capable direction of Mrs. Philip Murray, entertained the attentive audience with four well performed renditions. They were accompanied on the piano by Mrs. James H. Hinman.

Mrs. Marshall W. Ross spoke of the experiences and duties she has had serving as Director of International Hostessing for the General Federation of Women's Clubs and of her recent visit to Guatamala. There she met

We have had such an increase in calls that **we have decided to install a direct, toll-free "'Hot Line"** for these customers. We have **our plumber, Chet, who is a local resident** and knows the area well. He will have a well-stocked supply of plumbing needs right at hand.

Are you disappointed to find yourself waiting two days for a plumber, then have him arrive with a helper to carry the tool box, and receive a bill for two men? We pride ourselves on sending one man on service calls.

We take good care of our old customers; it is new customers we are looking for.

"Threepenny Opera"

AT ART CENTER

MARION: The corner of Main and Pleasant Streets is slowly being transformed into a corner of the Soho district in London in the 1800's. Under the direction of Nancylee Gaucher, the Art Center Players are in rehearsal for a March production of Kurt Neill's "The Threepennv Opera". Authentic period costumes and scenery for the show will be under the professional guidance of Pat Finn. Music rehearsals are held three or four nights a week for the cast of talented area residents. All are experienced singers and actors.

The familiar "Ballad of Mack the Knife" opens the show and sets the scene for the events that follow. An old story, "Three Penny Opera" was originally adapted by Bertolt Brecht from an 18th century British musical based on an idea from Jonathan Swift. Brecht's work in German was then adapted and translated into English by Marc

Marion Art Center

EXHIBITION AT ART CENTER

An exhibition of prints and paintings for rent will be on display in the Cecil Clark Davis Gallery of the Marion Art Center now through March 10th. The show contains something for everyone - landscapes, still lifes, and some abstracts in a variety of media. The Art Lending Service at the Marion Art Center has been in existence for fifteen years with hundreds of artists contributing their work over the years. The service provides the opportunity for one to have original works of art in their home for two months at a small fee depending on the value of the painting. If, at the end of the rental period, one decides to purchase the work, the rental fee is applied to the total price.

In making the announcement, Mr. Athanas said, "The citizens of the Commonwealth raised $2,237,217 last year. This year, with Dr. Ruel and his committee working at the grass roots level, I know we'll do even better in reaching our 1978 Crusade goal of $2,402,000."

"We want to help both the patient and the family cope with cancer," said Dr. Ruel. "Some people think that the American Cancer Society is only concerned with research, but helping the cancer patient is another major ACS responsibility.

"Free clinics for detection of cancers of the breast, lung, colon and rectum, and other sites; seminars for medical professionals, transportation for patients, and a 'loan closet' of sickroom supplies - these are just a few of the ways the American Can-

GIFTS OF DIAGNOSTIC TOOLS TO TOBEY

Two recent additions to Tobey Hospital's Department of Cardiology have been made possible through the generosity of two anonymous donors. These diagnostic tools, a motorized treadmill and a datascope for monitoring the heart rate and pattern, were given in appreciation of Dr. Thomas L. Gleason and Dr. John B. Howard, internists on Tobey's medical staff.

The motorized treadmill, otherwise known as a stress-testing machine, is primarily a diagnostic aid used for evaluation capacity of angina patients. Engineered so that it is as simple as jogging along a country road, it can be set at different speeds and heights to attain various levels of

The Datascope, which may also be used as a defibrillator, is a unique monitor of heart responses by means of a continuous non-fade display that moves across the screen at two speeds. It also features a heart rate meter, an audible EKG beeper, and a freeze function --- a signal which can be stopped for immediate analysis. Most important, this Datascope can be coordinated with all standard EKG machines.

February 26, 4:30 P.M., Channel 2, The Islander. Unrecognized until his death in 1965, Walter Anderson was a prolific artistic genius who escaped the confines of society in his intimate world of Horn Island, 16 miles off the Mississippi Gulf Coast. The program recreates Anderson's relationship with the island and its life, his family and his art.

February 27, Channel 2, 8:00 P.M., Great Performances. Sir Georg Solti conducts the Chicago Symphony Orchestra in an all Strauss program: "Till Eulenspiegel's Merry Pranks", "Death and Transfiguration", and "Four Last Songs". Soprano Lucia Popp is the featured soloist.

February 28, Channel 2, 8:00 P.M., New Orleans Concerto. Designed to explore the complex relationship between a work of art and the life of its creator, this program traces the development of the "New Orleans Concerto" from its inception to its premiere in New Orleans in January, 1977. Interviews with composer Roger Dickerson, his family and friends round out an exploration of the multiple influences at work in the composition.

WHY GLORIA STEVENS?

by

Diane L. Oldfield

Just because Gloria Stevens Figure Salons is the fastest growing system of weight control salons for women that does not necessarily make it the best, a woman said to me recently.

And I agree with her, and I'm the manager, but added it is the best. Why? Because each staff cares about their members, cares that they reach their weight goal. Last year, more than TWO MILLION visits were made to Gloria Stevens Figure Salons.

If the MED Method didn't work, if the staff didn't care about their members, would there have been two million visits? Of course not. No member is going to come back if the staff is indifferent, if she isn't reaching her goal.

That's why Gloria Stevens is the fastest growing system of weight control Salons. Our successful members (and only those members can do it, you know) have made it.

delegation and to the U.S. Senators from Maine and Rhode Island. In commenting on the recent turn of events, Senator Rogers said, "It would be a travesty if our delegation and the Senators from our neighboring states of Rhode Island and Maine permitted this storage to be located in Canada, particularly, as I stated in my letter, in view of the fact that Canada refused to come to our aid in the last embargo by OPEC. I have spoken with staff from Congressman Moakley and have asked that an opportunity to review the proposal which has been made to the FEA be provided to the New England caucus. I am hopeful that we shall be able to set that up soon."
